19. ANY COURSE	6		
20. ANY COURSE	6		

Breadth requirement — will be satisfied by successfully completing the General Education/Foundation courses described above. (Breadth requirement is described below.) The Breadth requirement must be successfully completed before graduation and requires at least 6 credits from each of the following areas:

AREA I - Classical Studies, English, French Studies, History, Humanities, Languages, Literatures & Linguistics, Philosophy.

AREA II - Anthropology, Economics, Geography, Political Science, Psychology, Social Science, Sociology. *Note: Mathematics, Computer Science, and Kinesiology and Health Science courses, will satisfy neither requirement, unless they are cross-listed with a unit listed above.*

**PLEASE TURN OVER ►►**

## NOTES ON DEGREE REQUIREMENTS FOR EUROPEAN STUDIES MAJORS

1. Students wishing to major in European Studies must contact the Undergraduate Office, 203 Vanier, 736-5158, ext. 33234.
2. For purposes of meeting program requirements, all Foundations courses will count as 6 credits towards the major.
3. Faculty of Arts students may complete a maximum of three 9 credit Foundations courses for degree credit. Students who need to complete more than three Foundations courses in order to fulfill program (major or minor) course requirements may do so with permission of the relevant program coordinator or undergraduate director.
4. **Students must also satisfy a language requirement.** They may do so by completing one full-course equivalent (6 credits) in a European language (other than English) or by passing a competency test. A maximum of two language courses (12 credits) will be counted toward the major.
5. Faculty of Arts regulations require that in order to obtain an Honours BA (120 credits), students must take a total of at least 18 credits at the 4000-level, normally 12 in their other major and 6 in European Studies.
6. All students in the program **must meet with the Co-ordinator or an Advisor** to discuss their proposed course selection.
7. Where curricular resources suffice, students completing a major or a minor in European Studies may focus on one of the following national streams: France, Germany, Great Britain, Greece, Italy, Portugal, Russia or Spain. (Other areas, such as Scandinavia, may be possible by means of study abroad or a Letter of Permission.) By successfully completing 18 credits within such a stream, students qualify for a sub-specialization which will be noted accordingly on the diploma and transcript. Thus, *for example*, a student might graduate in Political Science and European Studies (**Focus: Greece**) or Italian and European Studies (**Focus: Italy**), Economics and European Studies (**Focus: Portugal**), or History and European Studies (**Focus: Spain**). Courses in the focus area may include language courses pertaining to the area of focus. Students who choose not to focus on a particular stream would graduate with a degree in European Studies.
8. Students majoring in European Studies will be encouraged, although not required, to spend some time studying at a university in Europe. Students will be informed of the available opportunities during their second year. The level of language facility generally required for study abroad is equivalent to completion of at least the intermediate level, and students will be encouraged to achieve such a level. In addition, students are normally required to have achieved a 6.0 grade point average.
