NOTES ON DEGREE REQUIREMENTS FOR EUROPEAN STUDIES MAJORS

1. Students wishing to major in European Studies must contact the Undergraduate Office, 203 Vanier, 736-5158, ext. 33234.
2. For purposes of meeting program requirements, all Foundations courses will count as 6 credits towards the major.
3. Faculty of Arts students may complete a maximum of three 9 credit Foundations courses for degree credit. Students who need to complete more than three Foundations courses in order to fulfill program (major or minor) course requirements may do so with permission of the relevant program coordinator or undergraduate director.
4. European Studies is a linked Honours (Double Major) BA program in the Faculty of Arts. European Studies majors must also declare a major in a free-standing discipline in the Faculty of Arts, such as History, Political Science, French, Italian, German, Spanish or Economics. Students enrolled in this program must complete at least six full-course equivalents (36 credits) in their other major, as well as at least six full course equivalents (36 credits) in European Studies. They are required to meet general education, distribution and other degree requirements that the Faculty of Arts prescribes for Honours students, with three additional components:
 - at least 18 credits in a modern languages offered by York University, including the Advanced I university-level course in the chosen language;
 - at least 12 credits of internationally oriented courses chosen outside the major;
 - at least one full term abroad as a full-time student at one of York University's exchange partners.
5. Faculty of Arts regulations require that in order to obtain an Honours BA (120 credits), students must take a total of at least 18 credits at the 4000-level, normally 12 in their other major and 6 in European Studies.
6. All students in the program **must meet with the Co-ordinator or an Advisor** to discuss their proposed course selection.
7. Where curricular resources suffice, students completing an iBA in European Studies may focus on one of the following national streams: France, Germany, Great Britain, Greece, Italy, Portugal, Russia or Spain. (Other areas, such as Scandinavia, may be possible by means of study abroad or a Letter of Permission.) By successfully completing 18 credits within such a stream, students qualify for a sub-specialization which will be noted accordingly on the diploma and transcript. Thus, for example, a student might graduate in Political Science and European Studies (**Focus: Greece**) or Italian and European Studies (**Focus: Italy**), Economics and European Studies (**Focus: Portugal**), or History and European Studies (**Focus: Spain**). Courses in the focus area may include language courses pertaining to the area of focus. Students who choose not to focus on a particular stream would graduate with a degree in European Studies.
